

Environkleen (EVK) Capability Summary

“You just can’t look at a Surface and Say it is Clean”

Our Story:

Environkleen (a Div of RG FCC) is a commercial hygienic cleaning services provider and distributor of supplies, specialty cleaning products, and tools, focused on green cleaning and training. The center of our operation is located at our retail store and wholesale warehouse in Fort Washington, MD, adjacent to National Harbor. RG FCC has a seventeen (17) year track record of providing professional services to both the Federal and Commercial sector on a national scale.

Our “Process Cleaning Program” and multi-functional eco-friendly products, facilitates cleaner touch services, while reducing overall chemical and labor costs. We take the guess work out of your cleaning program by scientifically testing for surface contamination. Our technicians utilize a Luminometer swabbing apparatus to determine contamination levels called ATP.

A tailored process cleaning program is designed for each client to ensure all tasks are performed in a uniform and repeatable manner. This process not only ensures a high standard hygienic result, but holds our cleaning staff accountable.

Our Clients Include:

- Mt. Home Air Force Base, Boise, Idaho
- Maryland Department Of Aging, Baltimore
- Maryland Parks & Planning Commission
- Prince Georges County African American Museum
- The Anderson Medical Group
- Wilson Towers Apartment Complex
